# Prayer Week

14-24 MAY

## Garden Prayer Prompts

Find a space in your garden or in nature, invite your POD, friends or spend time on your own praying through these questions below. Go through these questions twice. Firstly, reflect on your own discipleship journey and then use them to inspire your prayers for our church.

Where is there life?

What or who can I celebrate?

Where do I abide?

What needs pruning?

What or who needs nurturing?

Where is there new growth?

Who can I welcome?

Which new people or opportunities has God put in my life?

What other questions might God be asking you today to pray into?
